SAFETY IS OF UTMOST IMPORTANCE AT SIERRA AUCTION

We ask that you cooperate with us by abiding by our safety rules:

1. If you see an unsafe condition, please notify a Sierra representative immediately. We have representatives stationed in each selling room as well as outside.
2. The front door entry and walkway from Room 1 to Room 2 need to be kept clear for safety reasons in the event of an emergency. Please help us by not standing in this high traffic area.
3. Sierra has been a family affair since we opened the business 30 years ago. However, due to safety concerns and large crowds, it has become necessary for us to initiate a policy of **NO CHILDREN UNDER THE AGE OF 16**. We hope you will cooperate and understand the need for this policy.
4. Service dogs are the only animals allowed on the property. This is for the safety and well being of our customers.
5. Sierra does not allow weapons (visible or concealed) on the premises per Arizona statues.
6. Please watch for moving auction vehicles and avoid standing in a position to block or impede moving vehicles. This will keep you safe and allow the auction to move rapidly. This will keep you safe and allow the auction to proceed in an orderly fashion.
7. Sierra will not release keys for vehicles that have been sold until we have determined that it is safe to do so.
8. Load out of each room and locations in the yard will be permitted after the last lot is sold in that area. However, keep in mind that if you need to enter with your vehicle, you will not be able to do so until the last vehicle is sold. Remember, no removal is permitted without a PAID receipt. It is the buyers' responsibility to remove all items purchased. A Sierra representative will assist when possible. Sierra is not responsible for breakage or damage that occurs after the item is declared "SOLD" or during removal.
9. Please visit the Information Booth for any questions. If the booth is not manned, look for a Sierra representative.

NOTE: Some of our Terms & Conditions have changed. Please review ALL changes within our Terms & Conditions.

NOTES

VEHICLE DESCRIPTIONS

1. **“Starts/Runs/Drives”** vehicles - are driven through the auction sale area at a very slow speed so that buyers can better determine vehicle value by listening to the engine and visually seeing the vehicle run. Under no circumstances does Sierra warrant that these vehicles are free from defects in the engine, transmission, or drive train. It simply allows the buyer to have a level of confidence that the vehicle can move forward/backward.

2. **“Selling Stationary”** vehicles - are sold with a key and have been deemed unsafe to be driven or undrivable, but do start either on their own or through the use of a battery jump start.

3. **“Non-Runner”** vehicles - are those vehicles sold with or without a key and cannot be started. Vehicles in this category could include engine problems, missing parts, collision vehicles, or virtually any other issue that would cause a vehicle to be a non-runner.

BOX A – Actual Mileage.
BOX B – Mileage exceeds the mechanical limits of the odometer.
BOX C – True Mileage Unknown.

ALL Vehicles Are Sold “AS IS WHERE IS”

It is the responsibility of the bidder to understand the manner in which items are being sold. THE BIDDER MUST UNDERSTAND WHAT HE/SHE IS BIDDING ON AND HOW IT IS BEING SOLD; IF NOT, PLEASE ASK OR DO NOT BID!

AUCTION TERMINOLOGY

The following is a list of words or terms that you should be familiar with when bidding. If you have questions about any of these terms or any others that the auctioneer may use, we encourage you to familiarize yourself with them prior to bidding.

Times the money: The expression "times the money" is used when two or more like items are being sold at one time; in this instance your bid is multiplied times the number of items being sold. Example: Lot number 142 is four identical Cell Phones and the auctioneer announces that the auction lot is being sold "times the money". The high bidder purchased lot 142 for $100. In this example, the successful bidder bought each of the four Cell Phones for $100.00 for a total of $400.00 (4 x $100= $400).

Choice: On occasion, there will be multiple lots of identical or similar items sold consecutively in the auction. In some instances the auctioneer will sell those consecutive lots via "choice". When selling "choice", the auctioneer is offering more than one item up for auction at a time. The winning bidder then has the choice to take one item or multiple items. If the bidder wishes to take more than one item, the bid price will be multiplied by the amount of items the bidder chooses. THE WINNING BIDDER MAY BUY ALL THE ITEMS!

Choice in Order: When the auctioneer announces that the items are being sold "Choice in order", it means that the buyer may choose to take the first numerical lot of those announced as currently being sold, or as many,or all items, as they choose to take, but must take them in sequential number order, and will pay the bid price for each of the lots that the successful bidder wishes to purchase.

AS-IS: All items are sold without warranties as to the condition and/or the fitness of the property for a particular use. Buyers are solely responsible for examining and judging the property for their own protection; otherwise known as "As Is, Where Is" and "In its Present Condition.

Bidder Number: Individually numbered card with your unique bidder number. This will identify you to the auctioneer as the successful bidder.

Bidder Registration: The process of registering your identity and ability to pay for successful bids. This is essential before bidding.

C/W - Comes With

A/T - Automatic Transmission

M/T - Manual Transmission

CNG - Compressed Natural Gas
